

President Truman asks congress for a billion and a half dollars to arm Europe against Russia. Many in congress say the idea is sound to back up the Atlantic Pact with action as well as words — but the amount is too much.

ERA. The European Recovery Administration wants American overseas dollars restricted to sound nation-building rather than promotion of U. S. trade abroad. But John L. McClellan, Arkansas senior senator, would throw in a stipulation in behalf of American products.

What is the truth, and where is good solid ground in all this debate?

Well, the case of Spain illustrates the conflict and confusion America has to contend with in her new role of world peacekeeper and helper of fallen countries. And truth and sound policy are especially difficult to find in the Spanish instance.

Spain is ruled by a dictator, Francisco Franco, former royalist general, Spain although technically neutral was definitely pro-Axis during the war. But today, menaced by Russia, we are sometimes inclined to rewrite the term "pro-Axis" as "anti-Communist."

Spain is trying to get aboard the ERA gold ship for a pot of U. S. dollars.

Sen. Eastland, of Mississippi, told the senate yesterday: "It is impossible to have a strong Europe without a strong Spain."

Sen. Chavez, New Mexico, said: "The State Department won't recognize the Franco government for fear of 'hurting' some of the European nations which have strong Communist elements."

Still, we don't like what we see in Spain. She represents a complete compromise of all we fought the war for. And yet, minor compromise is the stuff of which a solution for our relations with Europe will ultimately be made.

Industrial Production at 3-Year Low

Washington, July 26 — (AP) — Industrial production, which has been declining steadily since setting a record last November, hit a three-year low in June. It may be still lower this month.

A federal reserve board report which showed June production off 3.3 per cent from May and down 13 per cent from November left Secretary of Treasury Snyder unmoved.

"Conditions continue good," Snyder said yesterday of the domestic front upon his return from a three-day trip to 12 countries in Europe and the Middle East.

On the foreign news front, he reported European recovery progress has "in many respects" exceeded earlier expectations, but now the "Europe has increased production of 'must concentrate' increasing dollar earnings." That is, sales to the U. S.

While Snyder's comments on the domestic business situation, all were on the optimistic side, many economists here expect industrial production to turn in its weakest performance of 1949 during July, traditional height of the vacation season—then rise again.

In June, production was 69 per cent above their prewar average. But it was 12 per cent below where it stood in June of last year.

The reserve board noted new stability in production of such non-durable goods as textiles, chemicals, and the paper, rubber, and oil products industries. They put out dropping in May and June, and has picked up in some cases.

Further sharp production declines were recorded in June for makers of all durable goods except automobiles and airplanes.

County Judges to Discuss Federal Aid

Little Rock, July 26 — (UP) — Federal aid to county road construction in Arkansas will be considered at a meeting of county judges, state highway department and other road officials here tomorrow.

Each of the state's 71 county judges, who hold the purse strings on local road construction, were invited to attend.

State Highway Director J. C. Baker said the meeting would gather the various officials to gather data on a program of county roads, state highway department and other road officials here tomorrow.

The meeting will be attended by Manton Hamann of Waco, Tex., who is a member of a national board of county road consultants. It was this board which asked the state highway department to assist in preparing information which must be in the hands of the senate by Oct. 15.

Baker said information was needed on the number of miles of county roads, their condition and the amount of money now on hand for construction.

WEATHER FORECAST

Arkansas: Cloudy this afternoon, tonight, Wednesday with afternoon showers, not much change in temperature.

GOP Would Cut Weapons Plan in Half

By JACK BELL

Washington, July 26 — (AP) — Republican backers of military aid for Western Europe moved today to cut by more than half President Truman's \$1,450,000,000 foreign arms program.

Greedy with a storm or criticism, President's proposal is said to have headed the bipartisan foreign policy toward one of its severest tests in congress.

Senators Vandenberg (R-Mich.) and Dulles (R-N.Y.), who have taken active parts in trying to keep that policy alive, were obviously irked that the state department had ignored their advice to submit only a token arms program to a congress already fretting about foreign spending.

They took themselves open to attack from GOP colleagues who at the ground that the administration seemed to be making cooperation a one-way street.

Senators, the two were reported working with Rep. Vorys (R-Ohio) on an alternative plan. Under it congress might be asked to approve a \$770,000,000 outlay to forward \$410,000,000 in surplus military equipment to North Atlantic pact signers and other \$200,000,000 more available to buy equipment for them at home and abroad.

This would be in addition to about \$225,000,000 to continue arms aid for Greece and Turkey.

Under it congress might be asked to approve a \$770,000,000 outlay to forward \$410,000,000 in surplus military equipment to North Atlantic pact signers and other \$200,000,000 more available to buy equipment for them at home and abroad.

Police Intervene as Mob Threatens Negroes Moving Into Chicago White Area

Chicago, July 26 — (UP) — Police squads patrolled a southside neighborhood today to prevent recurrence of a disturbance at a house into which a negro family moved yesterday.

A crowd of white persons estimated by police at more than 1,000 gathered outside the house last night.

Missiles were tossed and every window in the house was broken. Several flaming rags soaked with gasoline were thrown. Four of the broken windows but were picked up and thrown outside by police before they did damage.

A cordon of officers directed personally by Police Commissioner Joseph J. Hendrigan diverted traffic from the area while officers moved through the assembling crowd.

The house is located one block south of the southern border of Bronzeville, the city's established Negro district which has become greatly overcrowded in recent years.

Although police estimated the crowd at "more than 1,000," reporters at the scene said about 5,000 persons assembled in the street where the house is located at the height of the disturbance. Most of them were spectators, however, and took no part in the throwing of missiles.

An elderly man was injured when hit by a squad car maneuvering in the crowd. One youth was arrested.

Urging people to return to their homes.

The crowd was made up largely of young people.

Suit Filed to Bring in Borden Milk

Declaring that "Ordinance No. 563 was passed in the first instance for the purpose of giving a monopoly of the pasteurized milk business within the city, and not for police or health purposes," William (Bill) McClelland late yesterday filed suit in Hempstead chancery court to void the ordinance and compel the city milk inspector to grant a permit for the entry of Borden company pasteurized milk products into the local market.

Mr. McClelland's complaint, filed by Weisenberger & Pilkinton, Hope attorneys, recites:

"That the original milk regulation ordinance, No. 537, was enacted by the city council May 2, 1939; but December 23, 1940, the council approved ordinance No. 563 which further stipulated:

"Section 1. That no pasteurized milk or cream shall be sold in the City of Hope, Arkansas, except as supervised by the city health officer."

The complaint declares that on June 30, 1949, Mr. McClelland filed a written application with the city milk and meat inspector for a permit to sell Grade A pasteurized milk and cream, same from the Borden company — but "said defendant, Herbert Rogers, acting in his official capacity as inspector, refused to grant the plaintiff a permit."

Application was then made to the city council on July 5, 1949, but the council voted six to two to deny the permit.

Mr. McClelland's complaint states that the Borden company plant in Texarkana is "under the State Board of Health and the County Board of Health of Bowie county, and milk is pasteurized and handled in accordance with the requirements of the United States Public Health Service Standard Milk Ordinance and Code."

The suit, a complaint in equity, is directed against the following defendants:

City of Hope, a municipal corporation; Joe Jones, mayor; Joe Jones, Dale Jones, Harvey Barr, George Peck, Webb Laster, Dorsey McRae, Jr., Frank Douglas and R. E. Cain, aldermen; E. Baker, chief of police; and Herbert Rogers, meat and milk inspector.

The first white child born in New York City, Jean Vigne, became a brewer. Jones is now Wall street. William Penn Quaker, built a brewery next to his major house.

Soldiers in the American revolution drank a quart of beer each in their daily rations. When the supply ran short George Washington begged the board of war in 1777 to let the common man know what's behind the foam in his glass.

It shows that a gent who sides up to the bar and says "pull one" isn't simply ordering a cooling drink. He's bending elbows with history.

Why, it says here, beer has marched step by step with man in his upward march since the dawn of time. Beer is as old as civilization and has played a bubbling role in war, science, cooking, medicine and the development of a hundred modern industries.

Here are a few facts uncovered by the industry's scholars:

A Mesopotamian seal, backed in pottery and showing two workers at a brewery vat, proves beer was known 6,000 years ago.

When Christopher Columbus came to Central America in 1492, he found beer had traveled here before him. The Indians were so fond of it that they made a maize (corn) beer.

The phrase "mind your P's and Q's" is thought to have sprung from the old English tavern-keepers' custom of putting down customers' names in a book.

John Alden, who went and quarts at a brewery vat, proves beer was known 6,000 years ago.

When Christopher Columbus came to Central America in 1492, he found beer had traveled here before him. The Indians were so fond of it that they made a maize (corn) beer.

Truman's Goal Is 1,500,000 Combat Troops for Europe

Fear Key Witness in Los Angeles' Gangland Fight Has Met With Foul Play

Los Angeles, July 26 — (UP) — Authorities feared today that a key witness in the gangland shooting of mobster Mickey Cohen may have met with foul play and ordered a statewide search for him.

Cohen's "boys," meanwhile, offered their blood in an effort to save the life of Edward (Neddie) Herbert, a henchman who was wounded critically when Cohen was ambushed early last Wednesday on the Sunset strip.

The missing witness is Edward Johnson, a San Diego, Cal., sports goods dealer who sold one of the dapper little gang leaders, Herbert, and two companions. Investigators hoped that Johnson could identify pictures of possible suspects as having bought the gun.

Johnson had been scheduled to arrive here Friday. State Attorney General Fred N. Howser said he was "much concerned" over Johnson's failure to arrive. Authorities also planned to question Johnson's son, Roy, a clerk in his father's store who might have said the gun.

Cohen, who is recovering from shoulder wounds suffered in the ambush, sent out an order to his henchmen to give aid to Herbert when Herbert's condition took a turn for the worse. Herbert underwent emergency surgery last night.

Within an hour after Cohen's order, 17 of his "boys" appeared at the Queen of Angels hospital and stood up at the laboratory for tests of their blood types.

However, only two had the required Type B. Each gave a pint. In a semi-coma, Herbert kept asking for his boss. Cohen had visited Herbert's room several times, and he said he would return when doctors permit.

Being Allergic to Husband Is Not a Cause for Divorce

Los Angeles, July 26 — (UP) — Being allergic to one's husband is not grounds for divorce, Superior Judge Ray Breckman held today.

Mrs. Joyce C. Holdridge, 27, appealed yesterday for a divorce from her husband, Nolan Howard Holdridge, 26-year-old watchmaker, because she was allergic to him.

"Every time I'm near him," she said, "I break out in a rash from my head to my toes. It's painful."

She said she took treatments for two years but psychiatrists finally advised her to leave her husband.

"Was he good to you?" the judge inquired.

"Yes," said the judge, "under the law, I don't believe being allergic to one's husband is grounds for divorce. It's not cruelty on his part."

The Holdridges, married March 3, 1947, have solved their problem in one way. She lives in Los Angeles, he in San Francisco.

VFW Donates Park Merry-Go-Round

The local post of the Veterans of Foreign Wars announced today that it had donated a Pull-Way merry-go-round, capable of holding 15 small children, to the Fair park playground.

Pope Leaves for Summer Residence, Castel Gandolfo

Vatican City, July 26 — (AP) — Pope Pius XII will leave the Vatican this weekend for his summer residence at Castel Gandolfo, Vatican sources reported today.

Cabinet Quits in Egypt; Not Sure of Cause

Cairo, July 25 — (AP) — The Egyptian cabinet of Premier Ibrahim Hani Pasha resigned today. This dispatch gave no clear indication as to why the government resigned. Egypt still exercised censorship over both outgoing and incoming cables.

A reliable source said King Farouk would ask Hussein Sirry Pasha, who was premier in the early years of World War II, to form a new government combining both the government Suddist party and the opposition Wafdist party, which has been out of power since 1936.

The informant said the king might ask a cabinet which would insure a free general election in October.

Tempers Snap as Senate Sits Long

Washington, July 26 — (AP) — A short-tempered, irritable senate waded deeper today into a bitter dispute over the \$1,723,000,000 foreign aid program.

The strain of the long session was beginning to show in the debate which centered on money for the second year of the European recovery program.

Senators snapped at each other angrily late yesterday over an issue that few had thought would cause a ripple. The major issues were yet to come.

The senate voted \$344,000 to keep a congressional "watchdog" committee checking on recovery spending. But not before majority Leader, Lucas of Illinois stirred up a wordy scrap by trying — and failing — to have the funds cut to \$200,000.

On top of this Senator Ellender (D-Mo.) had his colleagues buzzing over his report that the Marshall plan is threatened with failure because of a reported feeling that American policy in Europe is dominated by Great Britain.

Ellender is just back from a trip to Italy, where he attended a world health conference.

He told friends his trip convinced him Europe can't recover unless: (1) Germany is pulled back to recovery; (2) Europe produces goods at prices the people can afford to pay; (3) and currencies are made convertible from one European country to another.

New Victim Turns Up for Love Thief

Hillsville, Va., July 26 — (UP) — Handsome Ernest L. Torrence, accused "love swindler" sought (for one reason or another) by women nearly every state of the union, left another of his conquests behind today.

The tanned, polished, 71-year-old Torrence was transferred here from the jail at nearby Wytheville, Va., to be prosecuted on charges that he fleeced his feminine admirers of gems and money.

Left behind in the Wytheville lockup was pretty blonde Mildred Martha Dearmond, 28-year-old former waitress who hitchhiked all the way from Ashland, Ky., to "stick by" the man she called her common-law husband.

Torrence was being held in Wytheville on charges of "fraudulent conversion" of \$14,000 from the Pittsburgh woman when Miss Dearmond showed up aboard a truck on which she had hitched a ride.

The Pittsburgh woman had complained that Torrence took her money and jilted her.

Officers immediately jailed Miss Dearmond on charges of aiding in the swindle. They allowed her to "stick by" Torrence, but in a different cell.

The pretty blonde couldn't believe it when officers told her that Torrence was carrying some 200 ancient love letters from women in every part of the country.

Miss Dearmond said she had lived with Torrence for six years in Michigan, Texas and Florida and "he was always good to me." She admitted that he seemed to stay away from her "a lot of the time," but she said she knew nothing about "those other women."

Arkansas Counts 6 Violent Death Victims in Week

By The Associated Press
Six persons have died from accident and violence in Arkansas this week.

W. C. Stinnett, 62, Chidester, Ark., bank cashier, died at a Hope hospital Monday night of injuries suffered Sunday when his automobile collided with another at Hope.

Oliver Primus, 45-year-old Negro, was killed at El Dorado Monday in an unusual accident. He jumped from a moving freight car at the Lion chemical plant to avoid being struck by an overhead crane. But he jumped onto the tracks and was struck down and killed by the car.

A traffic fatality, a drowning and two suicides had been recorded previously.

KEEP POURING. FELLERS—These youngsters work out a deal to keep cool while roasting hot dogs on the roof of New York's Madison Square Garden Boys' Club. Three young stalwarts hold the wienies over a fire while their "seconds" pour water over their heads. Might give mom a few hot-weather tips, too, kids.

ROMANCE NIPPED—Chicago's Brookfield Zoo officials decided a little rhino would be a nice addition. So they sent Kashi, a 2800-pound male, into the cage of Kamala, his bride-to-be while she was taking a bath. After a little affectionate nuzzling, Kashi climbed into the pool with her. They she drew the line and bit the mighty Kashi on the neck. That did it. Kashi lunged at her, she fled, but not before getting the nip in the back pictured above.

Ratification of Atlantic Treaty Is Big Contribution to Global Peace, Progress

By DeWitt MacKenzie
AP Foreign Affairs Analyst
America's ratification of the North Atlantic treaty bids fair to be a tremendous contribution to global peace and progress.

Acceptance by the world's greatest power was essential to endow the 12-nation alliance with success. Basically the pact is designed to afford powerful mutual defense against aggression. It is a commitment of one for all and all for one.

Without the adherence of the United States, Europe would have been thrust headlong into a slough of despond—worse off than when the pact was proposed, for seven nations already had ratified it. The powers of aggression would have been strengthened.

But the alliance is far more than merely a defensive agreement. By causing peace it will facilitate the rehabilitation of western Europe's war-shocked countries. And it will safeguard the development of our democratic way of life which will allow us to escape the yoke of totalitarianism and maintain the status of free men.

There is nothing in the pact which conflicts with the spirit of our democratic way of life, since such an alliance is a unique and far-reaching commitment it is small wonder that the peoples of the various countries concerned, and especially we of America, should have insisted on examining the proposition thoroughly before accepting it.

As things stand we are not committed to any eventuality which we wouldn't encounter if there were another major war in Europe. It is not a militarily possible for rain to fall on your neighbor's house across the street without falling on yours. But it's mighty improbable.

By the same token there is virtually no chance of America escaping involvement in another European upheaval. We've learned our lesson for should have the hard way in two world wars. We know that preparedness is the best form of security pending the arrival of the happy day when mankind will subscribe to the tenets of the Sermon on the Mount.

Of course it's natural that the average citizen should be anxious about the heavy cost of supporting the alliance. For example, the White House announced yesterday that President Truman will send to congress Monday a proposed program of foreign military aid to back up the Atlantic pact. It is understood that the proposed authorization will be \$1,450,000,000 for foreign military aid, of which \$1,139,000,000 would go to America's associates in the Atlantic treaty.

However, our past war experience—and it has been tough during the last generation — has demonstrated that preparedness is the cheapest form of security. Apropos of the question of reviving Europe and Asia for peace, President Truman had this to say in an extemporaneous foreign policy speech at a Shrine dinner in Chicago last Tuesday:

"And I am saying to you: Which is better, to spend three or four or five billions a year for peace, or to spend a hundred billion dollars a year for another war?"

There would seem to be only one answer to that cogent question. It's cheaper to ensure peace than to go to war.

Several in Running for Legion Chief

Fort Smith, July 26 — (AP) — The Arkansas members of the American Legion today prepared to elect new officers and then wind up the annual state convention here.

Names mentioned as possibilities to succeed State Commander Joe L. Hearne of Little Rock include those of Lee Ward, Paragould attorney and World War Two veteran; Ulys A. Lovell, Springdale attorney; and Col. Ray O'Day of Fayetteville.

Two others around whom speculation had centered removed themselves from consideration yesterday. They are Paul Chambers of Helena and James H. Glendening of Fort Smith.

The Arkansas Gazette at Little Rock reported today that a resolution had been prepared for introduction opposing "creation of a rehabilitation division (within the Arkansas department) which duplicates services offered by the Arkansas service office."

The department's executive committee set up such a division on a temporary basis and withdrew its support from the state-operated and financed veterans service office after Governor McMath did not retain Hearne as service officer.

Future of the division was left to the present convention.

The Gazette said the resolution would be offered jointly by the Little Rock and Helena posts.

An investigation of the possibility of a rehabilitation division would be studied, the newspaper said, but the state service office would work with a legion committee in making it and no action would be taken until the 1951 convention.

Pangburn Replaces Searcy in Legion District Playoff

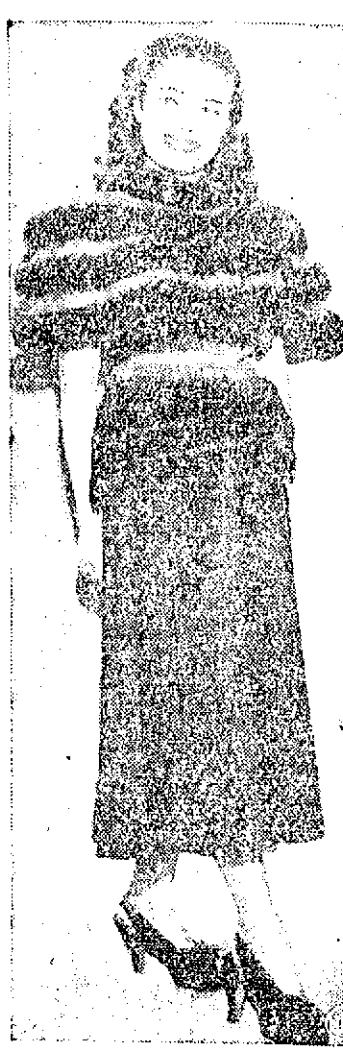

Little Rock, July 26 — (AP) — Pangburn has replaced Searcy as center in the Arkansas American Legion baseball divisional eliminations, which were to get underway today.

A Searcy player was found to be ineligible because he had played with a semi-pro team. Searcy was disqualified for having used him.

Pangburn became one of the four teams to meet here in a divisional elimination. Similar eliminations were being held at Osceola, Danville and Magnolia.

"SPECS" TAKES OVER—Harold Lloyd, above, of Los Angeles, famed screen comedian, is the new imperial potentate of the 610,000 Shriners throughout the nation. He succeeds Galloway Calhoun, of Tyler, Tex., and formerly served as deputy to Calhoun.

(The typhoon left two dead on Okinawa. 16 Americans injured and damage to U. S. installations unofficially estimated at \$20,000,000. Air force installations were heavily damaged by winds up to 150 miles an hour and head-on in Tokyo reported minimum plane losses. Okinawa has a B-29 base.

Cincinnati Banker Held in Racket

Express Disbelief
Cincinnati, O., July 26 — (UP) — Friends expressed disbelief today when they heard that Dennis Duble, dignified, white-haired civic leader and banker, had helped gamblers rip off a \$5,000,000 yearly "sucker pool" numbers racket.

Duble, secretary of the Cincinnati Clearing House association, was held incommunicado by New York detectives in the fashionable Netherlands Plaza hotel here pending his return to New York. He was spirited to the swanky hotel shortly after his arrest yesterday.

Duble showed little concern when taken to the home of common pleas Judge Louis Schneider to sign an extradition waiver after his arrest. He smiled as he greeted the judge. Not until they chatted for several minutes did Judge Schneider learn that Duble, an old friend, was under arrest.

"I have nothing to worry about," he told the judge, "I'm willing to go to New York."

Typical of comment of those who knew Duble was that of Rayner Prince, police chief of the village of Mariemont, where the banker lived in a fashionable home.

"I just don't believe it," Chief Prince said. "He's the last person in the world who would do any thing like that."

Thomas Canary, former president of the clearing house, was equally shocked to learn Duble's alleged part in the racket.

"I simply can't believe it," he said.

Duble had been mentioned as a candidate for mayor of the village east of here.

Duble's dearest wife, under care of a doctor at their spacious home, muttered over and over:

"It isn't true. It can't be true."

McMath to Push Repeal of Poll Tax

Little Rock, July 26 — (AP) — Governor McMath today repeated his campaign promise to seek repeal of Arkansas' poll tax law.

He said at his morning news conference that he will circulate a petition asking that the question of repealing the law be placed on the 1950 general election ballot.

Of course, he said, "this is providing the federal government hasn't banned poll taxes by then."

The governor asked the 1949 legislature to repeal the poll tax law, but the question never reached a vote.

McMath also told reporters there were a number of changes in Arkansas laws and his constitution he thought should be made.

He said that as soon as the legislative council begins to function it will start an extensive program of research on possible repeal of some laws. He did not identify the statutes he wants changed.

Juror Excused by Illness in Red Trial

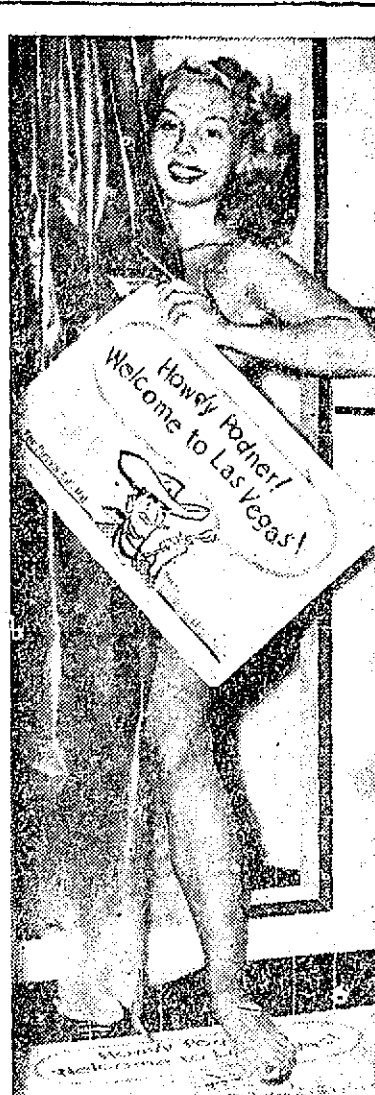

New York, July 26 — (AP) — The 26-year-old Communist conspiracy trial and its first casualty today, George L. Smith, Negro juror, was excused from further service by Federal Judge Harold R. Medina and replaced with one of the four alternates, Mrs. Jane Schultz.

Smith has been ill. Several sessions recently have been postponed because of his absence.

Medina praised Smith for "the patient and most attentive way" in which he had served on the jury.

The court admonished the other jurors, attorneys and news-men not to discuss the case with the excused juror.

The jury now consists of four men and eight women. Two of the women are Negroes.

Fresh Fruit Ideal Table Fare Today

Hempstead county homemakers are taking advantage of fresh fruits as available on the market. When planning meals, if Hempstead county homemakers are looking for color, texture, taste, or food value, fresh fruits have them all.

With the variety of fresh fruits available, families should have no difficulty in having one or two servings of fruit daily. Nothing has more appetite appeal than chilled cantalope or sliced peaches for the breakfast table, Home Demonstration Agent Lorraine Blackwood said today.

Fresh fruit, pies, fruit salads, veal fruit, chilled fruit juices, and many other fruit dishes will add zest to the family meals as well as make them more nutritious.

Fruits supply minerals and vitamins which promote good health. They are well adapted to a variety of preservation methods. Once the needs for fresh fruits are met, Hempstead county homemakers should plan to can freeze, and dry fruits the family will need during the time when there are no fresh products. They quarts of canned or frozen fruits and fruit juices will be needed for each member of the family for the next year, she pointed out.

Information on preparing fresh fruits for the table and preserving fruits may be obtained from the Home Demonstration Agent, whose office is at the Hempstead county court house.

The Hambletonian trot, to be run in Goshen, N. Y., Aug. 10, will be the richest since 1926 when its value was \$73,451.

Firm Fruit Best for Preserving

"How would you preserves score at the county fair?" Home Demonstration Agent Lorraine Blackwood today asked from homymakers in Hempstead county. In good preserves, she explained, fruit holds its color, shape and natural fruit flavor. The fruit is plump, tender and clear. The sirup may vary in thickness from the consistency of honey to peach preserves so that of semi-jelly or strawberry preserves.

Lorraine Blackwood gives these hints on making preserves:

Always use firm fruits for preserves. Fruit that is soft will break up and become mushy.

Leave small fruit, such as figs and cherries, whole. Cut peaches, peaches and apples into uniform pieces. Pieces of fruit cut less than one-half inch thick are too small to "plump up" well.

Beigh rather than measure for best results. A quart of fruit will vary according to the kind of cut.

Cook only a small amount of fruit (2 or 3 quarts, or 6 to 8 pounds) at one time.

Start the fruit to cooking in a thin sirup to prevent shelling. Cook rapidly until the fruit is somewhat clear and tender. Slow cooking destroys the texture, flavor and color.

Four the preserves into shallow pan to cool and let stand for several hours or overnight. This plumps up the fruit.

Fill jars three-fourth full, then heat the sirup and pour over the preserves. To prevent mold, process in a hot bath at simmering temperature for 30 minutes.

If you want more information ask your county extension agent for a copy of extension circular No. 263, "Making Fruit Preserves."

West Memphis to Begin Building of Negro Schools

West Memphis, July 26 — (AP) — Construction on the first unit of several proposed new Negro school buildings may get underway here soon.

Bids are being solicited and contracts for a 120 by 100 foot gymnasium will be let Aug. 8 by the Hulbert-West Memphis district if satisfactory estimates are received.

Plans call for temporary use of the gym for classrooms. Partitions would cut the floor space into 12 rooms.

U. S. Ought to Buy More Instead of Lending — Baruch

New York, July 26 — (UP) — Bernard Baruch said today on his return from a month in London that the United States should buy more of the world's products with its money instead of lending it to foreign governments.

Baruch, a prominent financier, said "one thing that I noticed about them is that they are spending too much of their time on nationalization and not devoting their energies to production and developing their country."

Baruch, a prominent financier, said "one thing that I noticed about them is that they are spending too much of their time on nationalization and not devoting their energies to production and developing their country."

Capt. James H. Anderson of Leesville, La., was captured on the road to Boulder, Nev., after he forced a deputy sheriff and air force officer at gunpoint to drive him out of Las Vegas where his identity had been discovered.

Anderson escaped from the Nathan air base guardhouse here last April 3. He had been arrested on the check charge last September but escaped two days later and was recaptured trying to board a plane for Mexico at Los Angeles.

PAYS FOR POLIO

New Policy Pays Maximum of \$5,000.00 Toward Care and Treatment

COSTS LESS THAN 1c A DAY

This new Postal Polio Policy COSTS LESS THAN 1 CENT A DAY—yet it pays a maximum of \$5,000.00 toward these expenses: rent of private hospital, physician as authorized by the attending physician.

The policy will pay, if needed, \$5,000.00 toward these expenses: Hospital bills, including room, meals, drugs, serums, medicines and other services; doctor bills; physiotherapy; use of iron lung; ambulance (maximum \$50.00); nurses (maximum \$12.00 a day); or therapeutic appliances (maximum \$500.00); a round trip to another locality for special treatment.

The cost of such treatment often runs into thousands of dollars in the first few weeks. . . few families have the means to meet such costs without terrific sacrifice.

With the new Postal Polio Policy you can be prepared. You can insure your children — better still, you can insure yourself and each member of the family — no age limit—so that cash for proper care and treatment will be readily available if this dread disease should invade your home.

The cost is less than 1 cent a day—only \$3.00 for a full year's protection—for each person.

SEND NO MONEY NOW. WRITE A POSTCARD OR LETTER NOW asking for complete information to Postal Life & Casualty Insurance Company, Dept. 278, 333 Broadway, Kansas City, Mo., NO SALESMAN WILL CALL.

Mrs. Bronts McPherson Reviews Mission Book
The second study of the W. S. C. S. mission book "Newness of Life" was held at four o'clock Monday afternoon in the home of Mrs. L. W. Young, Co-hostess for the meeting were Mrs. Albert Graves, Mrs. John Arnold and Mrs. R. D. Franklin.
Miss L. D. Tooley presided over the meeting in the absence of the president, Mrs. Stee Carrigan, Jr. The devotional "Jesus Work on Earth" was given by Mrs. J. E. Koonce. The group then sang "Work for the Night is Coming."
Mrs. Bronts McPherson gave a splendid review of the mission book "Newness of Life." The hostesses served delicious punch to 19 members.

Y. W. A. Holds Executive Meeting
Miss Margaret Blake was hostess to the executive board of the Y. W. A. at her home at 7:30 p. m. Monday. The meeting was opened with prayer by Miss Blake. Miss Mary Ethel Perkins brought an inspiring devotional using as her topic "Faithfulness and Loyalty."

Monthly reports were given by the officers and committees. Plans were made for Focus Week to be held from August 6 to 12. There were 8 members and the counselors, Mrs. James E. Birkhead present.

Coming and Going

Miss Evelyn Bryant is visiting Mr. and Mrs. Bill Tom Bundy in Benton.

Mr. and Mrs. Jack Daniel left Tuesday morning for their home in Oklahoma City. They are on a visit with relatives here. Enroute home they will visit Mrs. Daniel's mother, Mrs. C. H. Brooks, who is a patient in St. Vincent's Infirmary in Little Rock.

Mr. and Mrs. Earl W. Adams and daughter, Pansy Ann and Mrs. Ted Camp and children, Don and Lucia Jean, have returned to their home in Carapopolis, Pa. after spending three weeks with their parents, Mrs. Little Camp in Hope and Mrs. Stella Adams of Pamos.

Mrs. Charles Routon, Jr. Miss Mary Beth Routon and Miss Jo Ann Burroughs have returned from Siloam Springs where they attended the Arkansas Baptist Assembly.

Personal Mention

Doris P. Shipp, Hope, son of Mr. Willie L. Shipp, of Route 6, Prescott, was enlisted in the US Army for a period of three years, on July 20, by the recruiting station in Hope.

Pfc. Shipp, a veteran with over three years service, has been transferred to Camp Chaffee, Arkansas.

Discharged: Lyman Armstrong, Florence, Ala.; Mrs. Noel Alford, Stamps; Mrs. E. O. Wingfield, Hope; Fred Yates, Rt. 2, Hope; Mrs. Dehnar W. Crank, and daughter, Beverly L. Jones, Louisville, Mo.; Mr. and Mrs. R. L. Aslin, Hope, announce the arrival of a son, Raymond Franklin, July 25.

Josephine
Admitted: Miss Laverne Rider, Pamos; Mrs. H. T. Eddy, Buckner.
Discharged: Miss Laverne Rider, Pamos; Mrs. J. C. Porterfield, and baby girl, Hope; Mrs. Granville Speck, and baby girl, Hope.

Branch
Admitted: Mrs. Louise Buford, Rt. 8, Texarkana, Arkansas; Judith Ann Wilburn, Rt. 4, Hope.
Discharged: Watney Bobo, Rt. 1, Hope.

Clubs

Hinton
Basket weaving and making aluminum trays was the demonstration given by Lorraine Blackwood, home demonstration agent, at the Hinton home demonstration club, Monday July 11 in the home of Mrs. Edd Black. The devotional was led by the hostess and the group repeated the Lord's prayer. The surprise package was won by Lorraine Henderson. The August meeting will be at the home of Mrs. G. H. Black with a picnic supper.

Doyle
The Doyle home demonstration club met July 13, at the home of Mrs. Orville Westfall, with 9 members and several visitors present. The meeting was called to

order by the vice-president, Creed was read, song of the month, "America" was sung by the group. A short devotional was given after business meeting.

Mrs. Blackwood gave a demonstration in basket weaving and making trays. Refreshments were served. The next meeting will be with Mrs. E. O. Pierce, which will be a picnic.

REFUGE By Mildred Gram and Harwood White
The Story: A wealthy widow, Mrs. Everson, who believes that an atomic war is impending which will end civilization and perhaps the world, has hired Mrs. Margaret Malone to cook. Mrs. Everson is fleeing in a caravan of two giant trailers to "a place of safety." Also in the party are Rudy, a former disgraced movie star, Victor, an educated Filipino, and the Marchese, a nobleman. Mrs. Malone has twice been tempted to flee, but each time has been persuaded to stay. She herself has come to love the caravan and the life of the caravan. "Malone! Joe was a lucky man."

"I was lucky too, sir," Mrs. Malone said quietly. "That is, until I lost Joe. Then I was the most unlucky person in the world."
"I said he was a lucky man," the Marchese repeated.
"Where'd you ever married, sir?" "Yes," he said.

A mist blurred his eyes. He fumbled on the sofa beside him for the flute.
"Yes, My wife died seven years ago, in a German prison camp. She was a political prisoner. After she died, I escaped."
He blinked and smiled.
"Strange, it is not that violence has become such a commonplace. We find ourselves in an age of savage cruelty."

He broke off, lifted the flute to his lips and played a few notes. Then he paused and said:
"Did Joe ever tell you how pretty you are?"
"Yes, sir. But since he left I never look in the mirror any more."
"You should,"
(To Be Continued)

The Marchese sent a careless and disinterested glance through the blue gauze curtains.
"I do not know," he said. "Mrs. Everson is guiding us to our destination."
He put the flute aside and with a gesture invited Mrs. Malone to be seated.
"Oh, I couldn't, sir," she said pointedly.
"Sit down," he repeated. "Tell me about yourself."

She said there was nothing to tell, then surrendered to the understanding in his eyes and talked for an hour, mostly about Joe.
"We were so happy together. Always kidding each other. Never a cross word. We knew what we liked and we went after it together. I suppose you'd laugh. I told you the times we did. We didn't have any big ambitions. I mean we didn't want to make the headlines."
"All we cared about was enjoying life our own way," continued around the country in an old car, camping out, talking to people who happened to meet, cooking our own food. But most of all we had to be free."

"Joe didn't like what's been happening in the world. You see, we were old enough to remember when it was a good place to live in. I mean, when I asked him to tell you what to do or how to do it, think, Joe hated the taxes and the controls, the credit bureaus and the time payments. He believed in individualism — said it made for character. But now, the old Americans were getting stamped

Accused Rapist Is Sent to Asylum on Sanity Suspicion

Hampton, July 25 — (AP) — Ollie Ray Doshier, charged with raping a 16-year-old Purdy, Ark., waitress, today was ordered committed to the State hospital in Little Rock for observation.

Circuit Judge Gus W. Jones ordered a 30-day test of the 26-year-old Texarkana magazine salesman's sanity at the request of attorneys. Doshier was to have been tried Wednesday.

The girl was attacked the night of July 5. Doshier fled into the woods and was nabbed eight days later when a snake bite compelled him to seek aid.

Authorities said Doshier had a record of at least five arrests.

Discloses She and Murphy Were to Wed

New York, July 25 — (UP) — Mary Joan Cuddihy, 30, daughter of Arthur Cuddihy, an official of Funk Wagnalls Publishing company, said today she and United States Supreme Court Associate Justice Frank Murphy had made "definite plans for marriage" before his death last week.

Miss Cuddihy returned yesterday from Michigan where she attended the funeral of Murphy, who died last Tuesday in Detroit at the age of 59.

She refused to disclose any details of the marriage plans, although the Washington Daily News reported Saturday in a copyrighted

order by the vice-president. Creed was read, song of the month, "America" was sung by the group. A short devotional was given after business meeting.

Mrs. Blackwood gave a demonstration in basket weaving and making trays. Refreshments were served. The next meeting will be with Mrs. E. O. Pierce, which will be a picnic.

RENT CONTROL HELD INVALID BY A JUDGE
Chicago, July 25 — (AP) — Federal District Judge Elwyn R. Shaw today held the entire 1949 rent control law unconstitutional.

However, his ruling does not mean that all rent controls are now off.

A government attorney said an immediate appeal will be made to the U. S. Supreme court.

William S. Kaplan, chief Chicago attorney for the housing expediter, said the law will be "administered and enforced" pending appeal.

Judge Shaw held that in inserting a local option clause in the act, congress had abrogated its war-time powers.

He said the whole law is invalidated by a clause permitting states and other governmental divisions to end controls in their territories by local option.

Judge Shaw held this provision was an unlawful delegation by congress of its powers to other government agencies.

The opinion was issued in an action by Tighe E. Woods, housing expediter. He sought an injunction to restrain the Shoreline Cooperative, Inc., 222 E. 67th st., Chicago, from evicting 13 tenants.

The judge dismissed the petition. In his written opinion, Judge Shaw said congress should have merely set a new expiration date if it wished to continue the old rent control act in force.

John P. Ludinski, assistant U. S. attorney, said an immediate appeal of Judge Shaw's ruling will be taken to the Supreme court.

He said the marriage had been planned for a date in mid-August after being postponed twice because of illness.

Health Funds for Private Schools, Too
Washington, July 25 — (AP) — Legislation permitting use of \$35,000,000 in federal health funds in private as well as public schools was approved today by a house commerce subcommittee.

The bill is similar to one already passed by the senate, but the subcommittee added several amendments described as minor by members.

It is not the same aid-to-education bill which has precipitated a hot controversy over use of federal funds for private and parochial schools. That bill, also passed by the senate and providing for \$300,000,000 in aid to states for education, is stalled in the house labor and education committee.

The bill approved by the commerce subcommittee contains none of the features which have caused Catholic leaders to assail the \$300,000,000 measure as discriminatory.

However, it has an indirect bearing on the general measure offered by Rep. Barden (D-N.C.), which set off the religious controversy.

Health Funds for Private Schools, Too

Washington, July 25 — (AP) — Legislation permitting use of \$35,000,000 in federal health funds in private as well as public schools was approved today by a house commerce subcommittee.

The bill is similar to one already passed by the senate, but the subcommittee added several amendments described as minor by members.

It is not the same aid-to-education bill which has precipitated a hot controversy over use of federal funds for private and parochial schools. That bill, also passed by the senate and providing for \$300,000,000 in aid to states for education, is stalled in the house labor and education committee.

The bill approved by the commerce subcommittee contains none of the features which have caused Catholic leaders to assail the \$300,000,000 measure as discriminatory.

However, it has an indirect bearing on the general measure offered by Rep. Barden (D-N.C.), which set off the religious controversy.

Yesterday a second Roman Catholic leader centered criticism on Mrs. Eleanor Roosevelt, who has endorsed the Barden bill's ban against spending this money on any but public schools.

The Rt. Rev. Msgr. John K. Cartwright said in a sermon at St. Matthew's cathedral here that Francis Cardinal Spellman was right when he accused Mrs. Roosevelt of anti-Catholic prejudice in supporting the Barden bill.

Msgr. Cartwright said that the widow of President Roosevelt had demonstrated anti-Catholic sympathies "by indirect means, by suggestion, by mean reservation and by every slick device."

The Barden bill would be a spending federal money on private or parochial schools would extend to health and transportation costs. (A bill the senate has approved would permit use of U. S. funds for such purposes where that has been done under state laws.)

DOROTHY DIX Widower Remarries

Dear Dorothy Dix: I was a man of 49 when my wife died, leaving me with four small children. We had promised each other that we would never bring a stepmother or a stepfather to rule over our little ones. I have kept that promise, but now my children are all grown and married, with homes of their own. I am alone and beginning to feel the need of a congenial companion to care for me in my declining years, but when I think of marrying, I feel bound by the sacred pledge I gave my wife so many years ago. What do you think about this problem?

OLDTIMER
Answer: I think, in the first place that no husband or wife has the right to exact from the other a promise not to marry if the other one should die, and when such promises are given, they are better broken than kept.

It is only the selfish, foolish jealousy that makes men and women feel that they cannot endure to think of another's dying, and that if they do, they will be left alone in the world or not, we do not know.

Certainly purgatory could have no worse tortures than it would hold for a man who had tenderly protected his wife and saved her from every hardship, if he saw her poor and worn and shabby and torn with anxiety about where the next meal was to come from, and he knew that the promise he had wrung from her had kept her from marrying some good man who would have given her every comfort and luxury. Nor can you imagine it pleasing to any saint in glory to look down upon her feeble, neglected, lonely old husband and know that the pledge she had forced him to give her had kept him from having a wife to comfort him and take care of him and rub his rheumatism.

In your case, you have kept the spirit of the promise you made to your wife. You have waited until your children were grown and settled and beyond the reach of anything a stepmother could do to hurt them, so now you are absolved from your pledge. Marry, marry some woman of a suitable age, and may your last days be your happiest.

DOROTHY DIX

Dear Dorothy Dix: My husband and I have been married four years. Our salary is less than

\$200 a month. On this we maintain our home and that of his mother, who is entirely dependent on us for support. Besides this we help his sisters and occasionally his folks. My problem is I am simply crazy for a baby and my husband thinks I am unreasonable for wanting one under the circumstances, but as far as I can see we have the above responsibilities for good. I am not complaining of that, but I don't think I should be deprived of having the enjoyment of a child. I see the stork stopping at other poor people's doors.

MRS. X. Y. Z.
Answer: Well, it seems to me that any one who is made work-er enough to support three people and help a bunch of relatives on less than \$200 a month must have some sort of a conjure that would enable her even to afford twins. Certainly you must possess some magic that makes a dollar go ten times as far as other people's, or you would not dream of a baby, which, as you well know, is about as expensive a luxury as one can indulge oneself in.

Prudence would suggest that you possess your soul in patience until your husband is earning more money when having one more mouth to feed and one more back to cloth will not be such a burden to him. Also, it seems hardly fair to a child to thrust life upon it when you are not even sure of being able to give it anything except the hardest possible conditions of existence.

But, on the other hand, it is undoubtedly true that many children born in poverty, who had none of the so-called advantages of life, have blossomed into the world with their genius and brought honor and glory to their parents. So it is up to your conscience whether you make a nest in your house for the stork or shoo it away from your door for the time being.

DOROTHY DIX

Dear Miss Dix: What value has an education for a girl? My parents think that when a girl is 16 she should leave school and go to work.

ONLY SIXTEEN
Answer: The value of an education to a girl is just what it is to a boy. It broadens her viewpoint, enriches her life and gives her a greater earning capacity. No matter whether a girl marries or not, the better educated she is, the better fitted she is to do her task in life.

Tell your father and mother that the very first thing a prospective employer will ask you is whether

Retirement Plan Freak Would Give Away Huge Return

Berlin, July 25 — (UP) — The Russians today promised to lift the "little blockade" of Berlin and re-open all border crossing points to trucks bound for Berlin from West Germany.

The promise was contained in a letter from Lt. Gen. Mikhail I. Dralvin, Soviet deputy military governor, to the British military government.

The Russians already had relaxed their restrictions at two of the eight highway check points which have been closed for the past 16 days.

Reds Bear Down on South China
Chinese Communists drove closer today to Chungsha, 400 miles north of the provincial Nationalist capital of Canton.

The advance threatened to sweep the Nationalists from Hunan province. The Nationalists realized only too well that the loss of Hunan would doom south China.

Private reports placed the Reds at points five miles east of Chungsha and 10 miles east of Chuchow. Government sources conceded the

you finished high school or not. Not only your chances of getting a job, but the pay you get will depend upon your answer. Many occupations are barred entirely to girls who have quit school at 16. Perhaps, when they realize that you can capitalize in education in dollars and cents, your parents will not deny you.

Walter Baker Is Favorite in Boys' Golf Tournament

Washington, July 26—(AP)—Young Walter Baker of Atlanta, Ga., was the center of attraction today as 124 boys polished their golf games for the U. S. national junior championship, opening tomorrow.

Baker fired a three-over-par practice round yesterday over the Congressional Country Club course where the meet will be held. Then he came back to the 18th hole with a one-over-par 72 in the afternoon.

Most of the entrants who in the seven and four day match play Baker's score.

"Those greens are so spotty and fast," said Roswell Eldridge of Kansas City, Mo., "you have to have a good ball to make it stick once it hits anywhere on the green."

Gilbert Slugs Vols to Win Over Crax

For the second night in a row, Tookie Gilbert of his home row, slugging was a major factor in a Nashville victory over the Atlanta Braves.

Gilbert socked his 21st four-bagger in the fifth inning, leading the league leaders 2 to 1 in the bottom of the fifth.

The Vols also took the nightcap 7 to 2, after jumping on big lefty Larry for five hits and four runs in the first frame.

Birmingham Braves, second in the flag chase, made it three straight over the Lookouts at Chattanooga, 3 to 1.

Third sacker Fred Hatfield belted a 10th home run for Birmingham.

The Little Rock Peleicans, 4 to 0, behind the five-hit hurling of Al Picchotta. The Braves eighth on at Reddick's single Jack Alex De La Garza.

Mobile's Johnny Klippstein shut out the Memphis Chicks on one hit, 1 to 0, in a seven-inning first try.

The Chicks came back to take the regulation finale, 2 to 1.

Tuesday night's games: Chattanooga at Atlanta; Little Rock at New Orleans (Only games scheduled)

Employment Check Begun by U. S.

Washington, July 25 — (AP) — The administration launched its regional business-jobs aid plan today. President Truman was reported to have said that the plan would be another six months to see whether the economy gets better or worse — and then see what's needed.

For the time being, Mr. Truman plans to pin-point federal spending in areas hardest hit by unemployment and business decline.

In that connection Secretary of Commerce Sawyer went to Boston to confer with the New England council and governors of New England states to get the economic picture in that area.

At the same time, Undersecretary of Commerce Cornelius Van derbilt Whitney and Assistant Secretary Thomas C. Blaisdell journeyed to Louisville and Atlanta to meet with business groups.

Other commerce department officials are to go later in the week to the mid-west and to other sections to get on-the-spot data of economic sore spots.

Meanwhile a top government official specializing in administration economic policy said President Truman has set a deadline of January for a complete appraisal of the nation's economy.

If it gets worse by then, this official said, the President will consider a new deal-like pump-priming plan designed to reinvigorate the country.

"If there is no upturn this fall, or no evidence of an upturn later, Mr. Truman will feel that he must be decisive," this official said. He asked not to be quoted by name.

Invitation to War Is Atlantic Pact Says Wainwright

Cleveland, July 25 — (UP) — General Jonathan Wainwright, hero of Bataan and national commander of the Disabled American Veterans, here today assailed the Atlantic pact as "an invitation to another war."

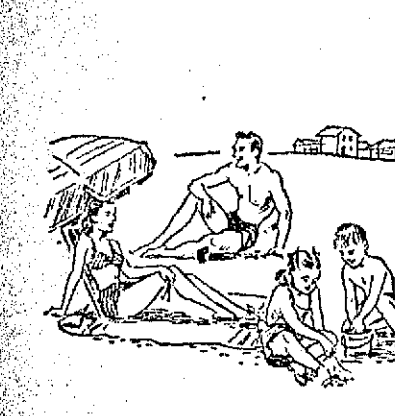

Gen. Wainwright deplored approval of the pact and added that "America would face the action almost alone in case of war. Instead of spending millions on European countries," he said, "we should rebuild our own defenses, which have been let down to a low level."

He asserted that America would get little aid from the other members of the pact in case of war, with the possibility of "some help from England."

USE ME!

I am PREACHERS for your hair. Gray, dry FALLING hair, ITCHY scalp and DANDRUFF. Use me — Be convinced. JOHN P. COX DRUG CO.

YOUR FAMILY'S LIFE GUARD!

A LIFE GUARD helps people when they can't help themselves. So does life insurance. It rescues bereaved families. Like a life guard, life insurance has to be on hand before an emergency. That's why so many millions of families prudently keep a life insurance "life guard" on duty all the time.

Call a friendly Life of Georgia agent. Put a life insurance program to work guarding your family today!

Rev. W. B. Tatum Is New 1st Baptist Pastor, Pine Bluff

Louisville, Ky., July 25 — (AP) — The Rev. W. B. Tatum, assistant to the president of Southern Baptist theological seminary here, will become pastor of the First Baptist church at Pine Bluff, Ark., Sept. 1, it has been announced here.

Polio Claims 3 Within 36 Hours

Little Rock, July 25 — (AP) — Infantile paralysis has killed three Arkansas children in the last 36 hours.

The latest death brought the mounting total of Arkansas polio fatalities for 1949 to 22.

With state health department officials still tabulating newly reported cases, the total number of 1949 polio patients reached 419.

The latest fatality was Elwood L. Elgin, one of Hickory Plains, who died at 12:47 this morning in a Little Rock hospital.

The officially-reported number of cases reached 419, although the rate of increase had slowed down.

Eight-year-old Bernard Harold Harris of Malvern died of the disease at University hospital yesterday. Claudette Barlow, four, of the Childress community near Monticello, died late Saturday night in a Memphis hospital.

'Don't Know' Her Reply to Murder Query

New York, July 25 — (AP) — Mrs. Martha Beck, 29, plump, lonely heart's murder trial defendant, replied today: "I don't know," when asked whether she had killed Mrs. Janet Fay, 66, Albany, N. Y., widow.

She took the witness stand in her own defense after killing her defendant, Raymond Fernandez, 31.

Last week Fernandez testified that Mrs. Beck had killed Mrs. Fay last Jan. 4, and that he had nothing to do with the slaying.

Fernandez admitted, however, that he had buried Mrs. Fay's body in the basement of a house in Queens county, New York City, after transporting it in a trunk from Valley Stream, N. Y., where Mrs. Fay was killed.

When Mrs. Beck's name was called in Bronx Supreme court, she stepped briskly to where Fernandez sat, leaned over, placed her hands on his face and kissed him.

A court bailiff separated them and Mrs. Beck walked quickly to the stand.

She said she had requested her counsel to be permitted to take the stand, and declared: "I love, I do love and I will always love the defendant, Raymond Fernandez."

Prescott News

Tuesday, July 26 The Business and Professional Women's club will meet on Tuesday evening at 7:30 in the home of Mrs. Carl Dalrymple.

Wednesday, July 27 A mid-week meeting will be held at the First Baptist Church. There will be a teachers meeting at the First Baptist church Wednesday evening at 7:30 p.m. prayer meeting at 7:45 and choir rehearsal at 8:30.

Thursday, July 28 The Senior teams C. C. vs. Ward; Boswells vs. Hardware of the Prescott softball league will play at Cummins Field beginning at 7:30 p.m.

Miss Cummings Feted With Bridge Luncheon Mrs. Bob Reynolds and Mrs. Warren Cummings entertained with a bridge luncheon on Friday morning complimenting Miss Nancy Cummings bride-elect of Harlan Blake Crow.

The party rooms were lovely with bouquets of zinnias, gladiolus, roses and mixed summer flowers. The dining table held an attractive arrangement of magic lilies and phlox.

Miss Mildred Bemis was awarded the high score prize. Miss Cummings presented a cut prize. She was also presented a gift of a silver service by the hostesses.

Following the games a delicious luncheon was served to the honoree, Miss Nona Eagle, Miss Bernice Daniel, Miss Sue Jones, Miss Mary Lou Thomas, Miss Alice Pearl McCray, Miss Archie Johnson, Miss Robert Blakely, Mrs. W. H. Hamilton, Mrs. Charles Scott and Mrs. Ralph Gordon.

A delectable dessert course was served by the hostess.

Mrs. S. B. Scott Honored With Bridge Party One of the loveliest bridge parties was given on Saturday afternoon by Mrs. Basil Munn at her home on East Elm street, honoring Mrs. S. B. Scott who will soon leave for Kikura, Japan to join Col. Scott.

A profusion of summer flowers were used to decorate the entire house.

The high score favor was won by Mrs. Vernon Buchanan and the cut prize by Mrs. Ralph Gordon. Mrs. Scott was presented a lovely gift.

Guests for the afternoon included Mrs. Scott, Mrs. Dallas Atkins, Mrs. Vernon Buchanan, Mrs. Allen Gee, Sr., Mrs. W. S. Rogers, Mrs. Harold Parker, Mrs. Paul Buchanan, Mrs. A. V. Rogers, Mrs. H. H. McKenzie, Mrs. Mark Justiss, Mrs. Al Williams, Mrs. Orin Ellsworth, Mrs. Archie Johnson, Mrs. Robert Blakely, Mrs. W. H. Hamilton, Mrs. Charles Scott and Mrs. Ralph Gordon.

A delectable dessert course was served by the hostess.

Guests Honored With Bridge Party Miss Nona Eagle complimented her house guests Miss Elizabeth Bowers of Camden, Miss Dorinda Harper of El Dorado and Miss Alice Pearl McCray of Malvern with a picnic at Hesterly lake on Saturday afternoon.

Those also present for the outing were: Miss Nancy Cummings, Miss Mary Lou Thomas, Miss Bernice Daniel, and Miss Sue Jones.

Mrs. Agnes Franks who has been visiting her parents Mr. and Mrs. Eldon Smith, has returned to her home in Corpus Christi, Tex.

Mr. and Mrs. Jack Heber and sons and their guests Mr. and Mrs. William McClelland of Lewisville spent Sunday in Caddo Gap.

Hardy Carrington, summer student at Henderson College, Ark., accompanied his mother Mrs. Josephine Carrington.

Mrs. Buddy Haynie has returned to her home in Houston, Tex., after a visit with relatives.

Miss Nona Eagle had as her guests for the week-end Miss Elizabeth Bowers of Camden, Miss Dorinda Harper of El Dorado and Miss Alice Pearl McCray of Malvern.

Mrs. Nona Eagle left Monday for Hot Springs where she will be the guest of Mrs. Ray Hozendorf for several days.

Legion Auxiliary Opens Convention at Fort Smith Fort Smith, July 25 — (UP) — The Women's Auxiliary of the American Legion opened its annual convention today.

The delegates will nominate new officers and delegates to the national convention this afternoon and will adjourn to Hot Springs tomorrow morning.

Mrs. Juanita Ous of Little Rock was elected a chaplain by the 3 and 40 last night.

Other new officers are Mrs. Della Francis of El Dorado, chairman; Mrs. Ruth Whittaker of Hot Springs, secretary; Mrs. J. H. Brinkley of Texarkana, treasurer; and Mrs. Willie Blaine Tucker of Little Rock, parliamentarian.

Mrs. Nona Phillips of Hot Springs, Parkview; Mrs. Mildred Hampton of El Dorado, La. Street; and Mrs. Ida McElroy of Texarkana, La. Street, were elected delegates.

Mrs. Ida McElroy is secretary-elect.

Mr. and Mrs. Alva Wheeler of Malvern, Ark., had a baby boy today. The baby is named "Baby" and weighs 10 pounds.

At 93, G. B. Shaw Admits Death for Him Is Possible

London, July 25 — (UP) — George Bernard Shaw, who will be 93 tomorrow, hinted today that he was about ready to die.

"Death, now knocking at my door, is not an unwelcome guest," Shaw told the London Evening Standard in a written interview.

He was asked whether he had anything to contribute to a club called the Centenarians, a group of persons looking for the secret of longevity.

"I have no desire to be a Struldbrug," Shaw answered.

The Struldbrugs were the people in Gulliver's travels who lived forever.

"If you were made dictator of Britain, what would you do?" Shaw was asked.

"I probably go mad, like Nero," he answered. "Why ask silly questions?"

Earhart Died on Mission to Japan?

Los Angeles, July 25 — (UP) — Aviatrix Amelia Earhart, who disappeared on a round-the-world flight in 1937, "died in Japan" on a secret U. S. government mission, her mother said today.

Mrs. Army Otis Earhart believes her daughter landed on a tiny atoll and was picked up by a Japanese fishing boat that took her to the Marshall Islands, then controlled by the Japanese.

"I am sure there was a government mission involved in the flight because Amelia explained there were some things she could not tell me," the white-haired octogenarian said. "I am equally sure she did not make a forced landing in the sea."

The aviatrix disappeared July 3, 1937, while flying from Lae, New Guinea, to Howland island.

Japanese officials took her from the Marshall Islands to Japan, Mrs. Earhart believes.

"There she met with an accident — an arranged accident that ended her life," she said. "I hoped she might be returned to this country during the war in exchange for some captured Japanese general or admiral but I gave that idea up after the war ended."

Typhoon on Okinawa, With China Next

Tokyo, July 25 — (UP) — The typhoon Gloria roared toward the China coast today after killing an American child, injuring 11 other Americans and leaving an uncounted toll dead among the native population on Okinawa.

It also caused extensive damage to U. S. military installations on Okinawa.

The typhoon, with winds estimated as high as 170 miles an hour, hit the U. S. air force's largest Pacific base on Saturday. It howled without letup for 12 hours, hurling flimsy pre-fabricated buildings like straws.

Charles Krause, 25, Baltimore, Md., a communications technician for the Far East air force, estimated it did \$20,000,000 worth of damage to military installations.

An official announcement from Gen. Douglas MacArthur's headquarters admitted it did "extensive damage."

Unofficial but reliable reports said damage to air force installations at Naha field ran as high as 60 per cent, while Kadena field was damaged 30 per cent. Krause said two of the three dependent housing units at Kadena suffered major damage. Most of the quarters were blown out at one end, or had their roofs caved in, he added.

In addition, the army radio station was destroyed and three-quarters of the General hospital buildings were blown out at one end, or had their roofs caved in, he added.

Nine American airmen were treated at a hospital for minor injuries. Their names were not released.

Everybody Would Be Better Off If They Understand U. S. Economy Comes Above All

By DeWITT MacKENZIE AP Foreign Affairs Analyst

Beverly S. Baxter, distinguished member of John Bull's parliament, declared during an economic debate in the house of commons he was "not at all certain that the third British empire will not see the return of the American continent."

"There is only one solution to the world's economic disaster which is approaching," said Mr. Baxter. "That is for the Americans and Canadians to find some way to come into the sterling economy with free interchangeable currency, as this country, in the 19th century, went into America, after the Civil war, and built up American economy."

Well, now, that's a suggestion which makes us Yankees (and I dare say our Canadian neighbors) sit up and take notice. We are terribly allergic to anything which even slightly impinges on our sovereignty. Was the MP speaking politically or economically, or both?

From the political standpoint America of course isn't going to fear up her declaration of 1776. That was rather well implemented at the time — and it stands. Canada, too, has made it clear that she intends to go her sovereign way with no closer British tie than that of membership in the commonwealth.

As a matter of fact, this column 100 votes against the measure on a roll-call vote expected late today.

A few Republicans may join the poll tax state Democrats in opposition, "but there won't be enough of them."

The bill would not outlaw poll taxes now levied in half a dozen states. It simply would say that no one has to pay a poll tax or any other voting fee as a prerequisite for voting in an election for president, vice-president or member of congress. It applies to primaries as well as general elections.

The main opposition to the bill comes from southern members who say congress has no legal right to tell the states what qualifications they can require of their voters. Only the constitution can do that, they argue.

Chairman Norton (D-NJ) of the house administration committee, which is sponsoring the bill, predicted there would be fewer than

believes that empire, in the generally accepted sense of the term, are on their way out. We may have commonwealths and other liberal forms of association, but empires — no.

However, we need not labor this point, but assume that Mr. Baxter was thinking largely in terms of non-political association which would be of mutual advantage economically and in the way of military security. That is, an extension of the association which already exists and which the much debated Atlantic pact would further strengthen in the defensive sense.

Certainly there is much to be done in the way of improving international relations. We may even be working toward the idealist's dream of "one world" in which a real United Nations will serve as a universal parliament. The United States has given full evidence that she wants to play her part in this transformation.

However, my observation is that it will be a mistake if foreign countries believe there is no limit to which the United States will go. We hope that we have given generously of our moral support and our material wealth. We expect to give more.

But as I read the signs the time is rapidly approaching when Uncle Sam is going to tighten up on his material assistance abroad. He has his own people to think about and he isn't going to jeopardize their welfare by tossing his purse into the international kitty.

The United States has made more than generous appropriations to assist in the rehabilitation of war-torn Europe. The Marshall plan has put the European democracies on the road to recovery. More help has been promised. Nevertheless full rehabilitation depends not on the largess of the afflicted nations themselves. Actually Britain and most of the other nations are making themselves up by their boot straps, but they are expected to jump in and work out their own salvation, with the aid which has been given.

Actually Britain and most of the other nations are making a gallant fight for recovery. Still, here and there one observes a nation which isn't quite pulling its weight and it is well that all hands understand America is going to protect its own economic security and maintain its rights.

This time of year there's one place a lot cozier and cooler than your favorite spot around the house.

That's in your Buick—finding a breeze along dusk-cooled highways, or following those little roads that lead to inviting "loafing grounds."

Either way, whichever pleasure trail you follow, you'll find more fun on the way if your Buick is in top-flight shape to take the miles in its steady stride.

How about letting us put it in that shape for you?

Get one of our conscientious motor tune-ups, and one of our thorough-going Lubricare treatments. We'll put the bounce back in your motor—while we're taking the bounce out of your ride.

We do this well because we're Buick men. We know your Buick, we've studied correct factory methods for each operation, we know the factory specifications your car was built to. We use genuine Buick parts—even special Buick tools!

Yet you don't pay a penny more for all these extras. Stop in this week, won't you?

Buick keeps Buicks

ROGER CLINTON BUICK CO.

207 E. 3rd & Walnut Hope, Arkansas

Our Buick tune-ups go far beyond adjusting your spark and carburetor. We cover a long list of things — your valve tappets, voltage regulator, fuel pump filter, coil, hose connections, and so on.

We even tighten the cylinder head and clean off your battery terminals — and do all this at a low, low flat-rate price that will surprise you!
